CHALLENGES

Technical – *getting it to work*

Organisational – *many interests*

Ethical – *what does our society want?*

Citizens – *inspired, fickle*

External factors – *funding, demographics*

Smart Society takes a holistic approach

SMART VILLAGES
in a
SMART SOCIETY

THE PROMISE OF E-HEALTH

sensara
Now
Everything is normal
Had breakfast

SMART SOCIETY

CONNECTING – let's get together

ACCELERATING – help you, help me

SCALING – think big, *act accordingly*

SMART VILLAGES

CONNECTING

Few silos, direct link with citizens and political reality

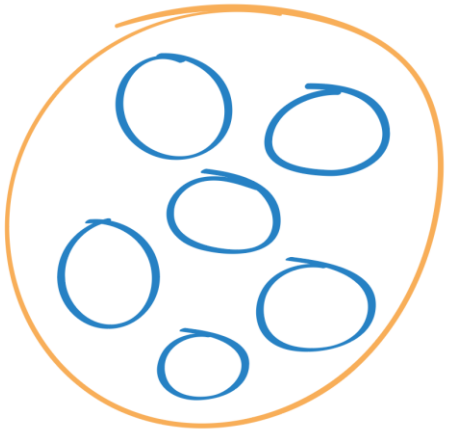
ACCELERATING

Faster to focus, faster to become concrete

SCALING

Mindset of coöperation, adoption of products

IMPACT COALITIONS



SMART SOCIETY

CONNECTING – ACCELERATING – SCALING

Thank you for your time!
